#### THE COLLEGE OF NEW JERSEY EXCELLENCE AND ACCOUNTABILITY REPORT ACADEMIC YEAR 2014-2015

#### PREFACE

The College of New Jersey is a highly selective institution that provides students with an opportunity to participate in a unique community of learners. This community calls upon its members to recognize and achieve excellence, and to develop the objectivity and capacity for change. It also calls upon them to participate in service to others and to exhibit a respect for and appreciation of diversity. The College of New Jersey is the oldest of the state's public colleges and for generations has aspired to the highest standards of academic excellence. The College offers more than forty liberal arts and professional programs through seven schools: the Arts & Communication; Humanities & Social Sciences; Business; Education; Engineering; Nursing, Health, & Exercise Science, and Science. The College serves approximately 6500 undergraduate students, 94% of whom are New Jersey residents, as well as approximately 700 graduate students. The College of New Jersey's Mission Statement states:

The College of New Jersey, founded in 1855 as the New Jersey State Normal School, is primarily an undergraduate and residential college with targeted graduate programs. TCNJ's exceptional students, teacher-scholars, staff, alumni, and board members constitute a diverse community of learners, dedicated to free inquiry and open exchange, to excellence in teaching, creativity, scholarship, and citizenship, and to the transformative power of education in a highly competitive institution. The College prepares students to excel in their chosen fields and to create, preserve, and transmit knowledge, the arts, and wisdom. Proud of its public service mandate to educate leaders of New Jersey and the nation, The College will be a national exemplar in the education of those who seek to sustain and advance the communities in which they live.

The College of New Jersey has been on a remarkable journey over the past several decades. It has evolved from a state teacher's college to a comprehensive institution strongly defined by the liberal arts and sciences, which constitute a significant majority of its academic programs and provide the intellectual underpinnings of the remaining programs. TCNJ is now nationally recognized for its distinctive fostering of excellence in undergraduate education. The College, which has long been among US News and World Report's top-ranked comprehensive institutions in the North, has been among only a select few institutions that Barron's Profiles of American Colleges place in its highest category, "Most Competitive" — one of only seven in this category that are state-supported. High rankings are, of course, just one indicator of a school's quality and reputation; and the College takes pride in its demanding curricula, talented and dedicated faculty, excellent facilities, and an intellectual environment that challenges, excites, and nurtures — the very features which have brought it such noteworthy national attention.

## A. ACCREDITATION STATUS

#### 1. INSTITUTIONAL ACCREDITATION

The College of New Jersey is accredited by the Commission on Higher Education of the Middle States Association of Colleges and Schools, an institutional accrediting agency.

#### 2. PROFESSIONAL ACCREDITATION

The following graduate and undergraduate programs are accredited and/or approved by specialized, programmatic organizations, with no loss of accreditation from the previous year:

- Programs at the bachelor's and master's level for the preparation of teachers are accredited by the National Council for Accreditation of Teacher Education (NCATE).
- The program in Education of the Deaf and Hard of Hearing (Elementary) is approved by the Council on the Education of the Deaf.
- The College of New Jersey is an accredited institutional member of the National Association of Schools of Music
- Programs in the School of Business are accredited by The Association to Advance Collegiate Schools of Business (AACSB).
- The bachelor degree programs in engineering science, civil engineering, computer engineering, electrical engineering, and mechanical engineering are accredited by the Engineering Accreditation Commission (EAC) of the Accreditation Board for Engineering and Technology (ABET).
- The BS program in Computer Science is accredited by the Computing Accreditation Commission of the Accreditation (CAC) Board for Engineering and Technology (ABET).
- The baccalaureate and master's degrees in nursing are accredited by the Commission on Collegiate Nursing Education (CCNE).
- The BS program in Chemistry is approved by the American Chemical Society (ACS).
- The School Counseling and the Community Counseling options within the Counselor Education program are accredited by the Council for the Accreditation of Counseling and Related Educational Programs (CACREP)

## **B. NUMBER OF STUDENTS SERVED**

#### 1. NUMBER OF UNDERGRADUATES BY ATTENDANCE STATUS

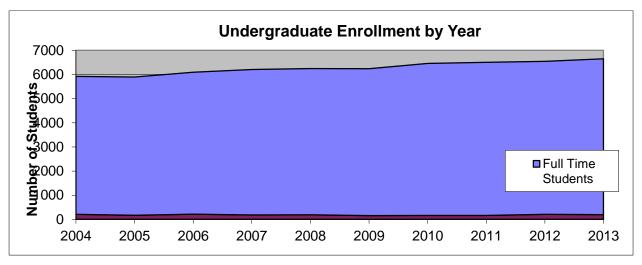

Full-time and part-time undergraduate enrollment in the fall of 2013 was 6653 and 198 respectively. As in 2013, fulltime students represent 97% of the total undergraduate population.

#### 2. NUMBER OF GRADUATE STUDENTS BY ATTENDANCE STATUS

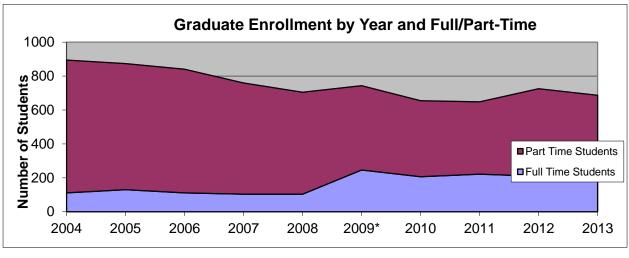

Full-time graduate student enrollment in the fall of 2013 was 198, while part-time enrollment was 489, part-time graduate students making up 71% of the graduate student population.

Graduate enrollment has been declining since 2003; however, in 2009 graduate enrollment experienced a small increase in the number of full-time students enrolled. The increase in the number of full-time students in 2009 is due in part to a change in student information systems, where full-time status of graduate students is now nine student credit hours (not 12), consistent with external reporting requirements. Some of the increase is also due to our five- year BA/MA programs within the School of Education.

## C. CHARACTERISTICS OF UNDERGRADUATE STUDENTS

#### FALL 2013 FRESHMAN CLASS

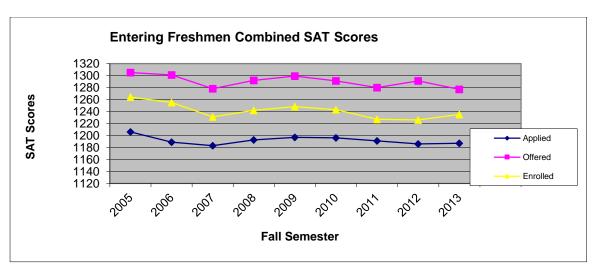

The table below presents the number of first-time applicants, the number of those applicants offered admission and the number of those applicants registered for the fall semester of the past nine years, 2006 through 2013. The number of applications received has steadily increased over this period, while enrollment has remained fairly constant, effecting both accept ratio and enrollment yield. 11,145 students applied for admission for the fall 2013 semester and 1,404 were enrolled.

#### TREND IN SAT COMBINED MATH AND READING (VERBAL) SAT SCORES

The average combined Math and Reading scholastic achievement test (SAT) for the entering freshman class (full-time) was 1235 for fall 2013. For combined Math, Reading and Writing the average score was 1848 (full-time). The following chart displays the undulating trend in the applied, accepted, and enrolled mean combined Math and Reading SAT for all entering freshman from fall 2004 to 2013.

#### 2. ENROLLMENT IN REMEDIATION (DEVELOPMENTAL) COURSES

Students who do not score at or above 580 in both the Reading (Verbal) and Math portions of the SAT, and who do not score a 4 or better on one of the AP English (Language or Literature) or History (American, European, or World) exams, must take the Writing Exemption and Placement Exam for placement in our Writing Program. All students who score below 550 on the SAT Math are placed into Intermediate Algebra. The first-semester schedule for students in need of remediation is built so that students receive remediation in a timely manner by scheduling these courses first. The number of students enrolled in developmental courses overall was not significantly different from last year, however, the number of students enrolled in remedial courses increased from 3.1% of the entering freshmen class to 3.6%.

#### 3. a. UNDERGRADUATE STUDENTS BY RACE/ETHNICITY

The federal guidelines for self-reporting ethnicity and race changed with the Fall 2010 reporting cycle. In Fall 2013, students who declared themselves Black, Asian, Hispanic or American Indian made up approximately twenty-six percent of the total undergraduate enrollment.

#### 3. b. UNDERGRADUATE STUDENTS BY GENDER

The percentage of females and males enrolled at TCNJ has remained stable over the last ten years, and reflect the national trend of women enrolling in undergraduate higher education at a greater rate than men. In Fall 2013, female students made up 57.1% of the total undergraduate population.

## **D. STUDENT OUTCOMES**

#### 1. GRADUATION RATES BY RACE/ETHNICITY

Approximately 85% percent of the first-time full-time freshmen who entered TCNJ in the fall of 2007 graduated from the College within six years, which is a slightly lower percentage than that of the 2006 cohort of first-time full-time freshmen (-2.5%). The percent of students graduating within four years has remained the same as the fall 2006 cohort and the percent graduating within five years has decreased slightly (-2.5%). In comparing the graduation rates by race/ethnicity, the 6-year graduation rates of *Asian, Black, Hispanic* and *Other* undergraduates decreased from last year's rates.

#### 2. THIRD SEMESTER (FIRST TO SECOND YEAR) RETENTION RATES

Ninety-four percent of the first-time, full-time freshmen who entered TCNJ in the fall of 2012 were retained for the fall 2013 semester at TCNJ. The College has maintained a first to second year retention rate of 94% or above for the last six years. This retention rate significantly exceeds all other New Jersey public colleges. Eighty-nine (6.5%) first-time, full-time freshmen from 2012 did not return in fall of 2013.

#### Institutional Profile 2013-14

#### The College of New Jersey

TCNJ continues to examine retention to the second year by race/ethnicity, as improving retention for all groups of students is key to improving graduation rates. However, there is a slight decrease in first year retention rates of *Black*, *Asian* and *Hispanic* students entering in Fall 2012 compared to those who entered in Fall 2011.

#### DEGREES CONFERRED BY RACE/ETHNICITY

The total number of degrees conferred (undergraduate and graduate) in fiscal year 2012-13 was 1980. This is a 3% decrease from FY2011-12. There were 23 less undergraduate degrees awarded in 2012-13 than in 2011-12. The number of Master's degrees awarded decreased by 8%. The number of overall certificates awarded decreased by 5 percent (post-master's certificates awarded remained the same; post-baccalaureate certificates awarded decreased by 23%). There was a decrease in the number of degrees awarded to students in the *Unknown, American Indian* and *Non-Resident Alien* categories. There were increases in the number of *White* students, *Black* students, *Hispanic* students, and *Asian* students that received awards.

#### DEGREES CONFERRED BY GENERAL FIELD

The five general fields in which the most degrees were conferred in FY2013 changed slightly from FY2012. This year the top five were: Education, Business Management, Biological Sciences, Psychology and Engineering, where 62% of undergraduate degrees were awarded (70% of all degrees awarded). English, last year had the 5th highest number of degrees awarded, moved to number seven for FY2013, while Engineering moved from ninth to third. Not surprisingly, most master's degrees and post baccalaureate or post-masters certificates were awarded in the general field of Education (94%).

#### 3. RATIO OF FULL-TIME TO PART-TIME FACULTY

Full-time faculty headcount for fall 2013 was 347, and part-time/adjunct faculty headcount was 474. The full-time equivalent (FTE) for full-time faculty was 347, part-time/adjunct faculty was 161 with a total FTE of 515, an increase of 20 from 495 last fall. On an FTE basis, full-time faculty account for 67% of the instructional force at TCNJ. Similarly to 2012, 88% of the full-time teaching faculty holds terminal degrees.

#### H. MAJOR RESEARCH AND PUBLIC SERVICE ACTIVITIES

During the 2013-14 academic year, faculty and staff at The College of New Jersey were involved in a variety of research projects supported by both internal and external grants, sabbatical leaves, and summer undergraduate student-faculty research projects. Faculty, staff, and students are also dedicated to public service to the community, New Jersey, the nation and the world through partnerships, centers (see table on next page), and other initiatives. For example, the TCNJ Professional Development School Network partners our School of Education with 18 New Jersey public schools to provide staff development activities. Examples of a few of TCNJ's varied research and public service activities are included below.

#### Bonner Center for Civic and Community Engagement

TCNJ continued to receive regional and national awards for its commitment to community engaged learning (or service-learning) initiatives. Recently, Bonner Center launched AmeriCorps\*VISTA Fellow Program. Members work on a variety of hunger, nutrition, literacy, job creation, employment training, and volunteer recruitment projects intended to alleviate poverty within Trenton and New Brunswick. The College's student leadership and service scholarship program—the Bonner Community Scholars--spent approximate 20,000 hours addressing the unmet needs of the Trenton area and the state. These students also mobilized the first year class (the class of 2017)—over 1300 individuals—to complete an additional 12,690 hours of community engaged learning projects between September and June. Faculty members were a key part of this mission driven activity--as students in 50 courses participated in projects that provided them with the opportunity to learn while having a positive impact in the community.

#### Adaptive Technology Center for NJ Colleges

The Adaptive Technology Center for New Jersey Colleges increases opportunities for New Jersey college students who have disabilities to meet the academic demands of college by providing access to appropriate technology tools. The Center disseminates information on assistive technology, operates an adaptive technology lending program, and provides outreach and training to faculty, staff and students at New Jersey colleges and universities. Supported by the New Jersey Commission on Higher Education, the Center just received an award of \$400,000 for computer access training programs.

#### **Career and Community Studies**

The Career and Community Studies (CCS) program, established at the college in 2005 was awarded 1.2 million to continue its development with providing its students with a comprehensive transition post-secondary college experience. TCNJ received one of twenty-seven Federal grants that were issued in October 2011 to four -and two – year institutions of higher education to create opportunities for student with intellectual disabilities to attend and be successful in higher education.

#### **Municipal Land Use Research Center**

MLUC @ TCNJ was established six years ago to improve the coordination and integration of transportation planning and land-use decision-making by working closely with State departments and agencies while simultaneously enhancing local governments' planning capacity. Sustainable Jersey – a program of The College of New Jersey's Municipal Land Use Center – won the national Ashoka/Community Matters Changemakers competition, "Strong Communities: Engaging Citizens, Strengthening Place, Inspiring Change." Sustainable Jersey has received \$5,000 and recognition as the top social change innovation in the country.

#### **Center for Global Engagement**

The Center for Global Engagement directs Education Abroad and International Student Services at The College of New Jersey. TCNJ has instated a new semester program in Israel at Ben-Gurion University. Additionally, TCNJ is among ten U.S. colleges and universities chosen by the Institute of International Education (IIE) to participate in the year-long International Academic Partnerships Program, funded by the U.S. Department of Education, to help the College establish partnerships with academic institutions in China.

Adaptive Technology Center For NJ Colleges	The Adaptive Technology Center for New Jersey Colleges increases opportunities for New Jersey college students who have disabilities to meet the academic demands of college by providing access to appropriate technology tools.	http://adaptivetech.tcnj.edu/
The Alan Dawley Center for the Study of Social Justice	The ADCSSJ aims to provide a focal point for students, scholars, community leaders, and public intellectuals involved in social justice issues in the state of New Jersey and beyond. The ADCSSJ seeks to be the voice and nerve center of TCNJ's core beliefs and public mission that "regards education in the service of human welfare as its chief end."	http://www.tcnj.edu/~adcssj/
Bonner Center for Civic and Community Engagement	The Bonner Center cultivates the common ground that exists between the educational mission of the College and the interests and needs of the local community. It does so by creating teaching and learning opportunities that simultaneously build the capacity of TCNJ students and community organizations in Trenton and the region. In so doing, the Center puts the College's main values into action and strives to foster a more enlightened, participatory and egalitarian society.	http://www.tcnj.edu/~bonner/
Career and Community Studies	Career & Community Studies is a college-based, liberal studies program designed to prepare students (ages 18-25) for adult life through academic rigor, career discovery and preparation and peer socialization as part of a diverse community of learners. Students wanting to be considered for this program must present a disability that is characterized by significant limitations both in intellectual functioning and in adaptive behavior, seeking a post-secondary experience on a college campus and requires a strong system of supports. Students must be highly motivated young adults who have received extensive educational services in either public or private schools and would likely have considerable difficulty succeeding in a traditional college degree program.	http://www.tcnj.edu/~ccs/
Center for the Arts	The Center serves to promote arts activities, both on and off campus, collaborate with arts organizations in New Jersey and beyond, advocate for arts education in schools and communities, and serve as a link to the curricular needs of all of the Schools in the College of New Jersey. The Center facilities include the College Art Gallery, Mildred and Ernest E. Mayo Concert Hall, Kendall Hall Main Stage Theatre, Don Evans Black Box Theatre, WTSR radio, and soon to be opened Sarnoff Collection Museum. The Center serves as a producer for campus sponsored events as well as a presenter for events brought to the community for entertainment and education.	http://www.tcnj.edu/~arts/facilities/index
Center for Assistive Technology And Inclusive Educational Studies (CATIES)	CATIES is a research and service initiative of The College of New Jersey's School of Education. The Center for Excellence in STEM Education	The Center for Excellence in STEM (Science, Technology, Engineering, and Mathematics) Education at The College of New Jersey brings together a multidisciplinary team of educators, researchers, and practitioners. The Center promotes inquiry and design-based learning to engage learners in the understanding and application of mathematical, scientific, technological, and engineering concepts and principles. It functions as a school service center, a demonstration and professional development center for teachers, a product development center, and a community resource.	http://center4stem.org
Center for Excellence in Teaching and Learning	The center sponsors major lectures, special symposia, teaching and learning communities, scholars and fellows programs, and consultation pertaining to the teaching and learning process. The center also acquires resources that our faculty and professional staff can use to inform their work as teacher-scholars dedicated to providing students with a rich educational experience. In addition, the center honors outstanding innovations and achievements in teaching and learning by members of our community.	http://cetl.pages.tcnj.edu/

Municipal Land Use Research Center	MLUC @ TCNJ was established six years ago to improve the coordination and integration of transportation planning and land- use decision-making by working closely with State departments and agencies while simultaneously enhancing local governments' planning capacity. Even in its relatively brief history, MLUC @ TCNJ has already achieved a long list of proud accomplishments. We are currently a leading partner in "Sustainable Jersey," and are engaged with municipalities throughout the state in extensive zoning and land-use reform. In this way, MLUC @ TCNJ has added environmental planning and social equity concerns to its original repertoire of transportation planning and land-use decision-making.	http://www.tcnj.edu/~mluc/

#### 1. Research and Development Expenditures

The total Academic Research and Development (R&D) Expenditures for fiscal year 2013 increased by 3% (\$260,876) from the previous year total. Federally Financed and State Financed Academic R&D expenses have increased from fiscal year 2012 by 175%, while Privately Financed and Institutionally Financed expenses decreased by 3% percent (\$293,066). The R&D Expenditures for fiscal year 2013 are included in the table below.

## I. THE STATUS OF MAJOR CAPITAL PROJECTS (As of June 2014)

#### **PROJECTS IN PLANNING**

#### STEM Complex Phase I and Phase II

The STEM Complex, funded in part from the 2013 State of New Jersey General Obligation Bond, will provide cross-disciplinary spaces that may be used by the School of Engineering, School of Nursing, Health and Exercise Science and the School of Science. The STEM Complex will be a multi-phased project and includes the relocation of Holman Hall occupants; the demolition of Holman Hall; the construction of a new STEM Building; and renovations to Armstrong Hall, Forcina Hall and the Science Complex. The expected completion date for Phase I is July 2017.

#### BSC Renovation

The Brower Student Center (BSC), originally opened in 1976 and named after former president Clayton R. Brower is home to all student organizations, dining facilities and the campus bookstore. The facility will undergo a transformative renovation of the interior and exterior, including a multi-purpose room addition. The expected completion date is August 2017.

#### **PROJECTS IN CONSTRUCTION**

#### 34 West Mothballing

Roscoe West Hall, which is comprised of the original campus library built in 1934 and the library addition built in 1968, is located in the center of campus. As part of the College's Facilities Master Plan, Roscoe West Hall was vacated when the TCNJ Library opened in 2005. The 1968 section was renovated and has been occupied since 2010. We anticipate that the 1934 section will remain vacant for the foreseeable future. The intent of this project is to preserve and maintain the 1934 section of Roscoe West Hall until the College has the resources to undertake a renovation. The anticipated completion date is July 2015.

#### Packer HVAC Phase Two Project

This project replaced air handling units in Packer Hall, which are beyond their usable service life. The expected completion date is July 2014.

#### T-Dubbs Renovation

This project will renovate the kitchen and servery areas of the T-Dubbs dining facility which is located in the Travers Wolfe Residence Hall, which houses approximately 1,100 freshman students. The renovation includes the enlargement and reconfiguration of the servery area, reconfiguration of the kitchen, and replacement of the kitchen equipment. The anticipated completion date is November 2014.

#### Norsworthy Renovation

Norsworthy Hall, which houses approximately 158 students is undergoing a complete renewal and includes replacement of windows, foundation waterproofing, new interior finishes, new electrical, mechanical and plumbing fixtures and equipment and infrastructure throughout the building. Expected completion date is August 2015.

#### Underground Steam & Sanitary Pipe Replacement

This project will replace aging steam and sanitary infrastructure piping that has reached the end of its useful life. The piping runs from the Power House to the Student Recreation Center. The anticipated completion date is October 2014.

## The College of New Jersey

The College of New Jersey (TCNJ) is a highly selective institution that has earned national recognition for its commitment to excellence in undergraduate education. Founded in 1855, TCNJ has become an exemplar of the best in public higher education and is consistently acknowledged as one of the top comprehensive colleges in the nation. TCNJ currently has been selected to appear in *Barron's Best Buys in College Education*, appearing alongside schools such as Penn State and University of California- Berkeley, the College is one of only 247 institutes of higher education nationwide to receive this honor. TCNJ is rated the No. 1 public regional university in the northern region of the country by *U.S. News & World Report*. TCNJ was named among the 150 "Best Value" public colleges the Princeton Review and *USA Today* in 2014 and, among more than 650 colleges and universities nationally, Money Magazine ranks TCNJ at 53. Money Magazine's college ranking considers quality, affordability and outcomes. In 2006, TCNJ was awarded a Phi Beta Kappa chapter—an honor shared by less than 10 percent of colleges and universities nationally.

TCNJ offers a comprehensive range of academic programs in the liberal arts, sciences, as well as professional schools. TCNJ is committed to significant learning experiences at every level, beginning with academic seminars for first semester students and culminating in capstone courses for seniors. There are no teaching assistants—all classes are taught by faculty members—and a 13-to-1 student-to-faculty ratio allows for small classes and personalized attention. Specialized undergraduate research programs, internships, and global study opportunities at TCNJ equal or surpass what is offered by top private colleges.

#### **Commitment to Success**

TCNJ has a unique mission among state colleges. That mission calls for the provision, to a diverse community of learners, of an undergraduate, residential experience that is highly competitive and designed to produce future leaders of and significant contributors to fields that are critical to our state. TCNJ has been quite successful in fulfilling that mission.

- TCNJ was named by the Princeton Review and USA Today as one of the top values in public higher education for 2014.
- TCNJ was awarded, in 2006, a <u>Phi Beta Kappa</u> chapter—an honor shared by less than 10 percent of colleges and universities nationally.
- TCNJ is the top-ranked (3rd overall) public regional university in the northern region of the country, according to U.S. News & World Report 2015 Edition, and has been since the ranking's inception.
- TCNJ is one of the top –ranked public regional university to make U.S. News' list of institutions with a Strong Commitment to Teaching in 2015 (ranked #2 in the northern region).
- TCNJ is a national model of teacher-scholarship, and, through programs like the Mentored Undergraduate Summer Experience (MUSE), encourages undergraduate-faculty collaboration in research.

#### Results

• TCNJ has the 2nd highest graduation rate among schools in the northern region and surpasses those achieved by many prestigious private institutions.

- TCNJ has a 94% first-to-second year retention rate. When students stay in school, they stay on course for timely graduation and save money. This is also an indicator that the whole system at an institution, not just the recruitment component, is working properly.
- TCNJ students and faculty have won numerous major fellowships during the last decade, including Carnegie, Fulbright, Marshall, Gates Millennium, Goldwater, Phi Kappa Phi, Truman, Boren, and National Science Foundation awards.
- According to the most recent National Survey for Student Engagement, TCNJ bettered the average of its Carnegie Foundation peers in the level of academic challenge, active and collaborative learning, student-faculty interaction, enriching educational experiences, and supportive campus environment, as they apply to the experience of first-year students.
- Since 1985, TCNJ has made it to 70 NCAA athletic championships and won 38 Division III national titles while producing 48 Division III Academic All-Americans.

#### **Faculty and Staff Excellence**

TCNJ's faculty and staff members are nurturing instructors and national leaders in their fields who are frequently acknowledged for their excellence. They are a source of pride and recognition for the state. A few recent examples include:

- Mark Kiselica, Professor of Counseling, was ranked one of the top scholars in the counseling profession based on an analysis of the *Journal of Counseling and Development*, the premier publication of the American Counseling Association
- Professor Jess Row, who was named to *Granta*'s "Best of Young American Novelists" 2007 list, which is published by the literary magazine every 10 years and includes only 21 distinguished young writers born after 1970;
- Women's lacrosse coach Sharon Pfluger, is a member of the National Lacrosse and Field Hockey Hall of Fame, is one of just two female coaches featured in the NCAA Hall of Champions' Legends of the Game display located in Indianapolis, IN;
- Professor Robert Anderson, who was named an Outstanding First-year Student Advocate by the National Resource Center for First-year Experience and Students in Transition.

#### **Remarkable Students**

- TCNJ students have won more than two dozen major fellowships during the last decade, including Fulbright, Marshall, Gates Millennium, Goldwater, Phi Kappa Phi, Truman, Boren, and National Science Foundation awards.
- Students have highest first-time passing rates in the state for CPA exam, Education (Praxis) exam, and Engineering Fundamentals exam.
- > TCNJ has produced 54 Division III Academic All-Americans
