2023 - 2024

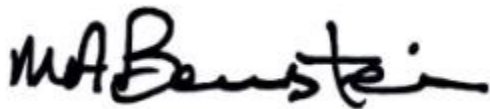

**THE COLLEGE OF NEW JERSEY
EXCELLENCE AND ACCOUNTABILITY REPORT
ACADEMIC YEAR 2023-2024**

PREFACE

The College of New Jersey is a highly selective institution that provides students with an opportunity to participate in a unique community of learners. This community calls upon its members to recognize and achieve excellence, and to develop the objectivity and capacity for change. It also calls upon them to participate in service to others and to exhibit a respect for and appreciation of diversity. The College of New Jersey is the oldest of the state's public colleges and for generations has aspired to the highest standards of academic excellence. The College offers more than forty liberal arts and professional programs through seven schools: Arts & Communication; Humanities & Social Sciences; Business; Education; Engineering; Nursing and Health Sciences, and Science. In the past academic year, the College served over 7000 undergraduate students, 95% of whom were New Jersey residents, as well as approximately 1000 graduate students. The College of New Jersey's Mission states:

The College of New Jersey, a nationally recognized public institution founded in 1855 as the New Jersey State Normal School, is a primarily undergraduate and residential college, with targeted graduate programs. Grounded in the liberal arts, TCNJ's personalized, collaborative, and rigorous education engages students at the highest level within and beyond the classroom. TCNJ believes in the transformative power of education to develop critical thinkers, responsible citizens, and lifelong learners and leaders. The College empowers its diverse students, staff, and faculty to sustain and enhance their communities both locally and globally.

The College of New Jersey has been on a remarkable journey over the past several decades. It has evolved from a state teacher's college to a comprehensive institution strongly defined by the liberal arts and sciences, which constitute a significant majority of its academic programs and provide the intellectual underpinnings of the remaining programs. TCNJ is now nationally recognized for its distinctive fostering of excellence in undergraduate education. The College, which has long been among *US News and World Report's* top-ranked comprehensive institutions in the North, has been among a select group of institutions that Barron's *Profiles of American Colleges* place in its highest category, "Most Competitive". High rankings are, of course, just one indicator of a school's quality and reputation; and the College takes pride in its demanding curricula, talented and dedicated faculty, excellent facilities, and an intellectual environment that challenges, excites, and nurtures — the very features which have brought it such noteworthy national attention.

MICHAEL A. BERNSTEIN
PRESIDENT, THE COLLEGE OF NEW JERSEY

A. ACCREDITATION STATUS

1. INSTITUTIONAL ACCREDITATION

The College of New Jersey is accredited by the Commission on Higher Education of the Middle States Association of Colleges and Schools (MSCHE), an institutional accrediting agency recognized by the U.S. Secretary of Education and the Council for Higher Education Accreditation (CHEA).

2. PROFESSIONAL ACCREDITATION

The following graduate and undergraduate programs are accredited and/or approved by specialized, programmatic organizations, with no loss of accreditation from the previous year:

- Programs at the bachelor's and master's level for the preparation of teachers are accredited by the Association for Advancing Quality in Educator Preparation (AAQEP), a national organization recognized by the Council for the Accreditation of Educator Preparation (CAEP).
- The program in Education of the Deaf and Hard of Hearing (Elementary) is approved by the Council on the Education of the Deaf.
- The College of New Jersey is an accredited institutional member of the National Association of Schools of Art and Design.
- The College of New Jersey is an accredited institutional member of the National Association of Schools of Music
- Programs in the School of Business are accredited by The Association to Advance Collegiate Schools of Business (AACSB).
- The bachelor degree programs in engineering science, civil engineering, computer engineering, electrical engineering, and mechanical engineering are accredited by the Engineering Accreditation Commission (EAC) of the Accreditation Board for Engineering and Technology (ABET).
- The BS program in Computer Science is accredited by the Computing Accreditation Commission (CAC) of the Accreditation Board for Engineering and Technology (ABET).
- The baccalaureate and master's degrees in nursing are accredited by the Commission on Collegiate Nursing Education (CCNE).
- The BS program in Chemistry is approved by the American Chemical Society (ACS).
- The School Counseling and the Community Counseling options within the Counselor Education program are accredited by the Council for the Accreditation of Counseling and Related Educational Programs (CACREP).
- Bachelor of Science and Master's degree programs in Public Health are accredited by the Council on Education for Public Health (CEPH).

B. NUMBER OF STUDENTS SERVED

1. NUMBER OF UNDERGRADUATES BY ATTENDANCE STATUS

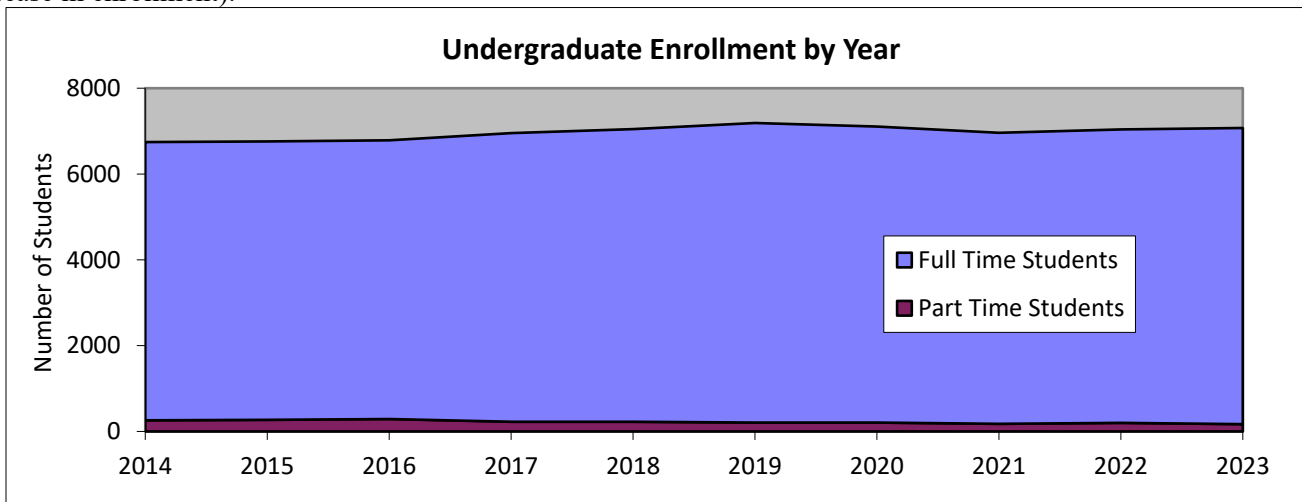

Full-time and part-time undergraduate enrollment in the fall of 2023 was 6903 and 170 respectively. Overall, undergraduate enrollment increased by 1% from fall 2022. Both part-time and full-time student enrollment also changed from the fall of 2022, full-time student enrollment increased by 1% from last year; part-time enrollment decreased by 14%.

2. NUMBER OF GRADUATE STUDENTS BY ATTENDANCE STATUS

Full-time graduate student enrollment in the fall of 2023 was 227, while part-time enrollment was 352, part-time graduate students making up 60% of the graduate student population.

Graduate enrollment has been declining since 2003 however, in academic year 2020-21 graduate enrollment experienced an increase in the number of students enrolled overall and in the number of part-time students enrolled. For the fall 2023 semester, full-time graduate enrollment has decreased by 7% from fall 2022 and part-time enrollment increased by 2% for the same time period. Over the past ten years, graduate enrollment for fall 2023 has decreased from the 2014 fall semester enrollment by 13%.

C. CHARACTERISTICS OF UNDERGRADUATE STUDENTS

FALL 2023 FRESHMAN CLASS

The table below displays the number of first-time applicants, the number of those applicants admitted and the number of those applicants who registered for the fall semester of the past eight years, 2016 through 2023. The number of applications received this fall has increased by 13% from fall 2022, while freshmen enrollment has decreased slightly by 2.3%. There were 11,668 students that applied for admission for the fall 2023 semester and 1,547 were matriculated.

TREND IN SAT COMBINED MATH AND READING (VERBAL) SAT SCORES

The average combined Math and Evidence Based Reading/Writing* scholastic achievement test (SAT2016) for the entering freshman class was 1237 for fall 2023. The average ACT composite score was 28. The following chart displays the trend in the applied, accepted, and enrolled mean combined Math and Reading SAT for all entering freshman from fall 2016 to 2023. In 2016, a revised SAT was introduced with new scoring. New freshmen entering in Fall 2017 that submitted scores for the older versions of the SAT (math and critical reading) have scores that were concorded to the SAT 2016 version. The new scoring for the 2016 version of the SAT has impacted new entering freshmen SAT scores, resulting in a higher average combined SAT score than in past years. Since academic year 2020-21 SAT and ACT test scores were optional for application to the College.

2. ENROLLMENT IN REMEDIATION (DEVELOPMENTAL) COURSES

Students who do not score at or above 580 in both the Evidence Based Reading/Writing (Verbal) and Math portions of the SAT, and who do not score a 4 or better on one of the AP English (Language or Literature) or History (American, European, or World) exams, must take the Writing Exemption and Placement Exam for placement in the Writing Program. All students who score below 550 on the SAT Math are placed into Intermediate Algebra. The first-semester schedule for students in need of remediation is built so that students receive remediation in a timely manner by scheduling these courses first. The number of undergraduate students enrolled in developmental courses overall was similar to last year. The number of first-time freshmen enrolled in developmental mathematics courses has increased from fall 2022 by 41.1%.

3. b. UNDERGRADUATE STUDENTS BY GENDER

The percentage of females and males enrolled at TCNJ has remained stable over the last ten years, and reflect the national trend of women enrolling in undergraduate higher education at a greater rate than men. In fall 2023, female students made up approximately 56% of the total undergraduate population.

4. FINANCIAL AID FROM STATE, FEDERAL & INSTITUTION-FUNDED PROGRAMS, FY 2022-23
(CORRESPONDS TO ACADEMIC YEAR 2022-2023)

TCNJ provided more awards through institutional grants and scholarships to students (+23%), with more dollars per student (+38%), in academic year 2022 -2023 than academic year 2021 – 2022. An increase was also found for the average amount awarded for students receiving an award through the Pell Grant program from last year, +7%. The amount of EOF funds disbursed increased from AY2021-22, +18%.

D. STUDENT OUTCOMES

1. GRADUATION RATES BY RACE/ETHNICITY

Eighty-five percent of the first-time full-time freshmen who entered TCNJ in the fall of 2017 graduated from the College within six years, 1310 of the 2016 cohort of first-time full-time freshmen. The percent of students graduating within six years has remained very similar to the fall 2016 cohort (6 Year: 2016 85.8%, 2015 86.9%). The 2017 cohort 4-year graduation rate has increased by 0.6 from the previous year. In comparing the graduation rates by race/ethnicity, the 6-year graduation rate has increased for URM students in the cohort from the previous cohort year, +4.1.

2. THIRD SEMESTER (FIRST TO SECOND YEAR) RETENTION RATES

Approximately 90% (90.2%) of the first-time, full-time freshmen who entered TCNJ in the fall of 2022 were retained for the fall 2023 semester at TCNJ. The College has maintained a first to second year retention rate of 90% or above for the last ten years. This retention rate exceeds all other New Jersey public colleges. Ten percent of the first-time, full-time freshmen from 2022 did not return in fall of 2023.

**Required Table II.D.2:

TCNJ continues to examine retention to the second year by race/ethnicity, as improving retention for all groups of students is key to improving graduation rates. The total cohort retention rates have remained the same for all first-time freshmen as last year.

DEGREES CONFERRED BY GENERAL FIELD

The five academic disciplines in which the most degrees and certificates were conferred in year 2022-23 were the same as in 2021-22. This year the top five were: Education, Business/Marketing/Accounting, Health Professions, Engineering, and Biological/Life Sciences. These top five fields accounted for over 55% of undergraduate degrees awarded (63% of all degrees/certificates awarded). Twenty-eight percent of all degrees and certificates awarded in FY23 were in Education. A highlight of the disciplines experiencing an increase in the number of bachelor degrees awarded from the previous fiscal year were: Biology +16%, English +34%, Psychology +15%, Visual & Performing Arts +18%, Physical Sciences +35%. There were no subject areas with increases in Master’s degree awards from the previous fiscal year. Increases were found in Health Professions certificates, +33% and Business Management/Marketing +200%.

H. MAJOR RESEARCH AND PUBLIC SERVICE ACTIVITIES

During the 2023-24 academic year, faculty and staff at The College of New Jersey were involved in a variety of research projects supported by both internal and external grants, sabbatical leaves, and summer undergraduate student-faculty research projects. Faculty, staff, and students are also dedicated to public service to the community, New Jersey, the nation and the world through partnerships, centers (see table on next page), and other initiatives. For example, the TCNJ Professional Development School Network partners our School of Education with 18 New Jersey public schools to provide staff development activities. Examples of a few of TCNJ's varied research and public service activities are included below.

Adaptive Technology Center for NJ Colleges

The Adaptive Technology Center for New Jersey Colleges increases opportunities for New Jersey college students who have disabilities to meet the academic demands of college by providing access to appropriate technology tools. The Center disseminates information on assistive technology, operates an adaptive technology lending program, and provides outreach and training to faculty, staff and students at New Jersey colleges and universities. Supported by the New Jersey Commission on Higher Education, the Center just received an award of \$400,000 for computer access training programs.

Career and Community Studies

The Career and Community Studies (CCS) program, established at the College in 2005 was awarded \$1.2 million to continue its development with providing its students with a comprehensive transition post-secondary college experience. TCNJ received one of twenty-seven Federal grants that were issued in October 2011 to four and two – year institutions of higher education to create opportunities for student with intellectual disabilities to attend and be successful in higher education.

Sustainability Institute

The Sustainability Institute at the College of New Jersey is a “think and do” tank that manages a number of cutting edge research and outreach programs focused on sustainable development, including the award winning [Sustainable Jersey Certification Program](#) and numerous federal and state grant-funded projects. The Institute's mission is to advance sustainable development through research, outreach, and training. The Institute staff work with local, state, and federal government, as well as the private sector, to help decision makers develop better capacity to understand the long-term consequences of their actions, and develop and deploy best practices in a number of policy areas including land use, energy, green infrastructure, among others.

Center for Global Engagement

The Center for Global Engagement directs Education Abroad and International Student Services at The College of New Jersey. TCNJ has instated a new semester program in Israel at Ben-Gurion University. Additionally, TCNJ was among Ten U.S. Colleges and universities chosen by the Institute of International Education (IIE) to participate in the year-long International Academic Partnerships Program, funded by the U.S. Department of Education, to help the College establish partnerships with academic institutions in China.

Centers at TCNJ

Center Name	Description	Website
Center for Assistive Technology and Inclusive Educational Studies (CATIES)	CATIES is a research and service initiative of The College of New Jersey. It is dedicated to improving the educational experiences of children with disabilities by linking faculty and staff expertise with the needs of New Jersey's educational community.	https://caties.tcnj.edu
Center for Community Engagement (CCE)	The Center is home for the College's community engagement activities that integrate educational experiences with community service, student development, and civic participation. The Center cultivates the common ground that exists between the educational mission of the College and the interests and needs of the local community. It does so by creating teaching and learning opportunities that simultaneously build the capacity of TCNJ students and community organizations in Trenton and the region. In so doing, the Center puts the College's main values into action and strives to foster a more enlightened, participatory and egalitarian society.	https://cce.tcnj.edu/
Career and Community Studies	Career & Community Studies is a college-based, liberal studies program designed to prepare students (ages 18-25) for adult life through academic rigor, career discovery and preparation and peer socialization as part of a diverse community of learners. Students wanting to be considered for this program must present a disability that is characterized by significant limitations both in intellectual functioning and in adaptive behavior, seeking a post-secondary experience on a college campus and requires a strong system of supports. Students must be highly motivated young adults who have received extensive educational services in either public or private schools and would likely have considerable difficulty succeeding in a traditional college degree program.	https://ccs.tcnj.edu
Center for Future Educators	The Center for Future Educators at TCNJ mission is to reach out, inspire and support New Jersey middle and high school students who are considering careers as future teachers.	https://futureeducators.tcnj.edu
Center for Excellence in STEM Education	The Center for Excellence in STEM (Science, Technology, Engineering, and Mathematics) Education at The College of New Jersey brings together a multidisciplinary team of educators, researchers, and practitioners. The Center promotes inquiry and design-based learning to engage learners in the understanding and application of mathematical, scientific, technological, and engineering concepts and principles. It functions as a school service center, a demonstration and professional development center for teachers, a product development center, and a community resource.	https://centerforstem.tcnj.edu
Center for Excellence in Teaching and Learning	The center sponsors major lectures, special symposia, teaching and learning communities, scholars and fellows programs, and consultation pertaining to the teaching and learning process. The center also acquires resources that our faculty and professional staff can use to inform their work as teacher-scholars dedicated to providing students with a rich educational experience. In addition, the center honors outstanding innovations and achievements in teaching and learning by members of our community.	https://cetl.tcnj.edu/
Center for Global Engagement	The Center for Global Engagement directs Education Abroad and International Student Services at The College of New Jersey. III. Other (Optional)

The College of New Jersey

The College of New Jersey (TCNJ) is a highly selective institution that has earned national recognition for its commitment to excellence in undergraduate education. Founded in 1855, TCNJ has become an exemplar of the best in public higher education and is consistently acknowledged as one of the top comprehensive colleges in the nation. TCNJ is rated the No. 1 public regional university in the northern region of the country by *U.S. News & World Report*. TCNJ was named among the 50 “Best Value” public colleges the *Princeton Review* and *USA Today* in 2023 and, among more than 209 colleges and universities nationally, *Money Magazine* ranks TCNJ in its Top 30 Public Colleges. *Money Magazine*’s college ranking considers quality, affordability and outcomes. In 2006, TCNJ was awarded a Phi Beta Kappa chapter—an honor shared by less than 10 percent of colleges and universities nationally.

TCNJ offers a comprehensive range of academic programs in the liberal arts, sciences, as well as professional schools. TCNJ is committed to significant learning experiences at every level, beginning with academic seminars for first semester students and culminating in capstone courses for seniors. There are no teaching assistants—all classes are taught by faculty members—and a 13-to-1 student-to-faculty ratio allows for small classes and personalized attention. Specialized undergraduate research programs, internships, and global study opportunities at TCNJ equal or surpass what is offered by top private colleges.

Commitment to Success

TCNJ has a unique mission among state colleges. That mission calls for the provision, to a diverse community of learners, of an undergraduate, residential experience that is highly competitive and designed to produce future leaders of and significant contributors to fields that are critical to our state. TCNJ has been quite successful in fulfilling that mission.

- TCNJ was named by the *Princeton Review*, *Money* and *USA Today* as one of the top values in public higher education for 2023-24.
- TCNJ was awarded, in 2006, a [Phi Beta Kappa](#) chapter—an honor shared by less than 10 percent of colleges and universities nationally.
- TCNJ is the top-ranked public regional university in the northern region of the country, according to *U.S. News & World Report 2023-24 Edition*, and has been since the ranking’s inception.
- TCNJ is one of the top-ranked public regional universities and colleges to make *U.S. News*’ list of institutions with Best Undergraduate Teaching in 2023-24 (ranked #6 in the northern region), Best Colleges for Veterans (#1 in northern region), and Most Innovative (ranked #7 in northern region).
- TCNJ is a national model of teacher-scholarship, and, through programs like the Mentored Undergraduate Summer Experience (MUSE), encourages undergraduate-faculty collaboration in research.

Results

- TCNJ has the 9th highest graduation rate in the nation (and the highest in New Jersey) among U.S. traditional, public colleges and universities and surpasses those achieved by many prestigious private institutions.
- TCNJ has a 90% first-to-second year retention rate. When students stay in school, they stay on course for timely graduation and save money. This is also an indicator that the whole system at an institution, not just the recruitment component, is working properly.
- TCNJ students and faculty have won numerous major fellowships during the last decade, including Carnegie, Fulbright, Marshall, Gates Millennium, Goldwater, Phi Kappa Phi, Truman, Boren, and National Science Foundation awards.

- According to the most recent National Survey for Student Engagement, TCNJ bettered the average of its Carnegie Foundation peers in the level of academic challenge, active and collaborative learning, student-faculty interaction, enriching educational experiences, and supportive campus environment, as they apply to the experience of first-year students.
- Since 1985, TCNJ has made it to 70 NCAA athletic championships and won 38 Division III national titles while producing 48 Division III Academic All-Americans.

Faculty and Staff Excellence

TCNJ's faculty and staff members are nurturing instructors and national leaders in their fields who are frequently acknowledged for their excellence. They are a source of pride and recognition for the state. A few examples include:

- Dr. Yifeng Hu, Associate Professor of Communication Studies, is the inaugural recipient of the ASIANetwork-Mellon Foundation Award for AAPI Voices and Stories: Community-based Digital Story Telling. The award provides \$500,000 in funding over three years and will support oral history and community conservation projects designed to capture and preserve the experiences of Asian American and Pacific Islander individuals and communities.
- Dr. Fuhe Jin, Assistant Professor of Management, is a member on the Harvard Business Review's Advisory Council.
- Dr. Anthony Lau, Professor of Biomedical Engineering, received several grant awards from NASA in 2024.
- Dr. Sandy Gibson, Professor of Online Counselor Education, has been named Addiction Educator of the Year by the National Association for Alcoholism and Drug Abuse Counselors.
- Dr. Michael Marino, Professor of History, recently received top honors from the American Historical Association, winning the William and Edwyna Gilbert Award for the best article in a journal, magazine, or other serial on teaching history. The awards were announced at the AHA's 137th annual meeting, which took place in San Francisco from January 4–7, 2024. His winning article, "Rethinking Historical Thinking: How Historians Use Unreliable Evidence," was originally published in *The History Teacher* in February 2022. The journal, published by the Society for History Education, is the most widely recognized journal in the United States devoted to more effective teaching of history in pre-collegiate schools, community colleges, and universities.

Invaluable to Students and the State

- Over 94% of TCNJ students are New Jersey residents
- TCNJ attracts high-achieving students from out of state, many who rank in the top 10% of their high-school classes.
- Most TCNJ students (75%) graduate in four years, and nearly all have earned degrees within five (84%) or six years (86%), *TCNJ First-time Freshman cohort 2016*.
- 96% of TCNJ's most recent graduating class responded that their undergraduate academic experience prepared them to start their career.
- 93% of TCNJ's most recent graduating class indicated that they were either employed or attending graduate school.
- Over 43,000 of The College's 64,000+ alumni live or work in the State of New Jersey
- During the last five years, TCNJ has secured increasing numbers of federal grants providing millions of dollars for programs that improve the quality and diversity of New Jersey's teachers and increase the participation of underrepresented groups in the sciences.
- TCNJ has maintained a service-learning requirement of all first-year students. This provides local and state communities with approximately 20,000 hours of community service each year.
